Privacy Policy

Application name: My Location

Provider: Saidur Rahman

Purpose:

With your permission (Cellular, Wi-Fi, Global Positioning System (GPS) networks), Location Services determine your approximate location and show your current position. Your current position will be marked by using a Marker. This app used permissions for accessing location of device.

User Information: This app does not collect any user's information.

If you have any questions about my practice or this Privacy Policy, please contact me at **saidursd@gmail.com**.
